

Survivor is a reality TV game show broadcasted in Australia (Channel 9) and The United States (CBS) in which contestants are required to outwit, outplay and outlast fellow competitors. It is one of the longest running and most popular reality TV series in The United States.

In City Survivor, contestants are split into tribes (teams) where they compete head to head in a series of alternating Reward and Immunity Challenges that are designed to test teamwork, strategy, communication and decision making.

City Survivor is a points based event where the objective is to have the most points (gold coins) at the end of the event. Like the television series, tribes compete head to head in various Reward challenges for rewards and also gold coins based on their placing. The reward items tribes can win vary from luxury items through to point or time advantages that may benefit their tribe in upcoming challenges.

In Immunity Challenges, tribes compete for an Immunity Idol which gives their tribe the power to cast votes against other tribes at Tribal Council. These votes could disadvantage an opposing tribe, or give their tribe an advantage which could turn the game on its head.

What makes *City Survivor* so strategic and fun is the element of the *Treasure Chest* and what the treasure hidden inside is. With numerous twists and turns in the event, tribes are required to think on their feet and make key decisions as to how they want to play the game.

Uplift Events aims to meet companies and individuals various requirements by offering a selection of City Survivor event packages which can be tailored to suit various client requirements. City Survivor Testimonials

 **Karndeans Designfloors** "We have now used Uplift Events twice, an Amazing Race event in February 2015 & the City Survivor event in June 2015.

You & your team are extremely easy to deal with & run these events professionally.

The feedback from our team both times is that they have an awesome time, love the team building aspect of the events & they also love bringing out their competitive streak!

For both events we have had international management from the UK & the USA here & both times they have really enjoyed the events. It has given them a chance to bond with our Australian & New Zealand teams.

Thank you for making these events so fun & entertaining for us!

We look forward to booking our next event with you.

Kind regards,"
