

Creating memorable and uplifting event experiences

A masterpiece is the greatest work of a person's career demonstrating outstanding **artistry, skill** or **workmanship**. In Masterpiece Painting, you now get a chance to recreate your own masterpiece in a fun and creative team event.

Participants (in several teams) are required to complete one portion each of a bigger picture (usually a Picasso or a tailored piece of artwork) using real paints, brushes and canvases. Sounds simple? Unfortunately creating your own masterpiece cannot be done alone and teams will need to understand the importance of teamwork and communication in order to create their own amazing piece of artwork.

By the end, everyone will learn that together, you can achieve great things! Masterpiece Painting is the perfect event to instil **leadership, communication, collaboration** and **delegation** into a single event!

Once leaders are chosen (1 – 2 depending on the number of participants), teams are given the image of the famous artwork they need to recreate. It is then left to the group to work out their teams, delegate roles and responsibilities, and to ensure everyone is on the same page in what they are setting out to achieve. The leader needs to constantly communicate with all the teams to ensure that each canvas lines up, and that all the shades match. This is very important as when all the individual canvases are brought together, it needs to represent one seamless piece of art – as if it was one painted by a single artist.

Facilitated in any spacious indoor environment, Masterpiece Painting is a relaxing and fun event where teams can paint to soothing background music as they create their piece of art.

All the equipment is provided for the event including canvases, paint brushes, paint, ponchos, drop sheets, pencils etc. All we require are the tables and chairs and the room – we even do all the clean-up. Best thing is that you then get to take the paintings back to the office and display it on the boardroom wall!

So if you are after an event that is not only fun, but requires creativity, teamwork, communication and leadership, try your hand at painting your own piece of art in Masterpiece Painting!

Masterpiece Painting Testimonials

"Good communication flow with the event organiser. Con was very good at ensuring we had everything that we needed and also provided us with a cd of photos and a thank you note post the event. Thoroughly enjoyed working with Michael and Georgie on the day.

Feedback from the team was that everyone enjoyed the event, it was fun, different and meant that they could relax and enjoy rather than a brain drain. The event ensured that we worked with people from different areas/states.

"I just wanted to take this opportunity to say thank you so much on behalf of Grant Thornton for the coordination and all the effort you guys put into the day. It was an awesome experience in the end and everyone had a great time.

You guys were really well organised and will come highly recommended to anyone who asks. We will definitely be leaving you some great feedback of the experience we had.

Thank you so much also for your prompt forwarding of the photos you took, greatly appreciated. Hope you have a merry Christmas and we look forward to working with you in the future."

"On behalf of our Management team I would like to thank you for the wonderful experience we had last week. The team enjoyed the event and it was great to have everyone focused on working together to meet the end result.

The overall impact on the team has been exceptionally positive – they haven't stopped talking about it. We feel that the whole event has engendered a stronger team commitment to our departmental and company goals. Not only was it great to see everyone working as a team we also believe it was a great opportunity for us to learn a little more about each other.

It was the perfect mix of structured activity and fun! We will certainly consider Uplift Events for future events as well as recommending you to my colleagues"
