## BUILD A HAMPER

[Ronald McDonald House Charities \(RMHC\)](#) is an independent charity that helps families of seriously ill children. They help keep families together and close to the care their child needs.

The cornerstone program of RMHC, the Ronald McDonald House, provides a 'home away from home' for families of seriously ill children being treated at nearby hospitals.

Teams now have the chance to make a difference to the families of seriously ill children by participating in a fun and energising event around Melbourne that gives back to the community. Explore the amazing locations around the CBD, while purchasing all the items to put together a hamper for the families. Along the way, teams will face various challenges that will develop teamwork, communication and relationships.

The event can also finish with teams visiting a Ronald McDonald House and dropping off the hampers in person. With three houses in Victoria, teams can opt to visit the houses in either Monash, Parkville and North Fitzroy.

During the festive season, teams can add a Christmas feel to the event by putting together a Christmas hamper with all the decorations and colours of Christmas such as candy canes, fruitcake, Christmas Puddings etc.

The activity itself was so well planned out and the organisers on the day were extremely friendly and helpful.

All staff had a great time and I definitely think that we achieved our goal, which was to bring our group closer together as well as allowing staff from different areas of the company to mix together."
